Professional Summary

Software Engineer with approximately 4 years of professional experience across software development and industrial automation system engineering in India and Japan. Experienced in web application development, system development, technical requirement analysis, testing, troubleshooting, and cross-functional collaboration. Studied Information and Data Science at Nagasaki University and have additional hands-on experience in data analytics and visualization using Power BI. Interested in applying my software development, system engineering, and problem-solving experience to build reliable technical solutions and contribute to innovative IT projects. Open to opportunities in Japan and international environments where I can continue developing my technical skills and contribute to diverse, collaborative teams.

Technical Skills

- Data Analytics & BI: Basic Dashboard Creation and Data Visualization
- Database: SQL, MySQL
- Programming: C#, PHP, Python
- Web Technologies: HTML, CSS, JavaScript, ASP.NET
- Development Tool: Git, GitHub, Visual Studio
- Cloud: CI/CD, DevOps AWS.

Professional Experience

System Engineer | Kameyama Electric Co., Ltd. | Aug 2023 – Present

- Involved in industrial automation and system engineering projects, including biomass power plant projects.
- Configured and supported Siemens PLC hardware, HMI communication, system diagnostics, and troubleshooting.
- Performed Honeywell DCS loop checks, I/O testing, signal verification, and system validation.
- Prepared and updated electrical and engineering drawings using AutoCAD and IJCAD.

- Supported system testing, commissioning activities, technical documentation, and troubleshooting.

Web Developer | Global Soft Solutions | Apr 2020 – Apr 2022

- Developed and maintained responsive web applications using HTML, CSS, JavaScript, PHP, and SQL.
- Developed web-based systems, including School Management and Library Management applications.
- Designed and managed MySQL databases and supported application maintenance.
- Performed application testing, debugging, deployment, and troubleshooting.
- Collaborated with team members to understand requirements and implement appropriate technical solutions.

Education

Research Student – School of Information and Data Science – Nagasaki University | Nagasaki, Japan.

October 2023 – March 2024.

Bachelor of Technology (B. Tech) – Electrical and Electronics Engineering – Periyar Maniammai Institute of Science and Technology | Thanjavur, Tamil Nadu, India.

June 2015 – April 2018.

Certifications

- Advanced Training in DOTNET Technology
- Advanced Training in Web Design & Web Application Development
- LanguageCert ESOL International (English) – B2
